COUNCIL POSTPONES SPECIAL ELECTION UNTIL PROVINCIAL GOVERNMENT ADVISES

SPECIAL MEETING OF COUNCIL MARCH 29/65

Special Election It was moved by Councillor Stewart that Council regularize its position by requesting the Provincial Government to grant authority to postpone calling a Special Election until the Provincial Government advises that there will be no amendment to the Town and Village Act in the current Session of Legislature to allow the calling of a General Election. This was passed by Council, unanimously.

Development: Approval in principle granted to Mr. Hauptman for development of a Dairy Drive Inn on Lot 5, Block 3 Plan 2204 H.W., subject to suitable plans being prepared, satisfactory to both the Town and the Planning Commission.

Approval on a year to year basis granted to Renn Sales Ltd., for a retail outlet at No. 13, St. Anne St., for the sale of light agricultural equipment.

Application to erect bus shelters and bus stop benches was referred to the Technical Advisory Committee for recommendation.

Tenders Tender awarded to Expert Ditchers Co. Ltd. for the installation of sewage pumping station in Sturgeon Heights, Stage 5, under the Municipal Winter Work Incentive Programme.

Recreation: Council approved a grant of \$125.00 for a potters wheel to the Arts and Crafts Guild.

whereas this can be provided without infringing on our present hunting privileges or in any way disturbing our natural species:

Whereas many urban people would like to have shooting available without travelling long distances.

Therefore, be it Resolved that we urge the Government to consider permitting the establishment of Commercial Pheasant Hunting Areas."

Mrs. Wood seconded this Resolution. So far only three members have spoken, the Mover, the Seconder, and Mr. Jim Henderson from Leduc Constituency. Mr. Henderson strongly opposed the Resolution. It is quite common to see a few members arguing this Resolution during lunch hour or in the evening. Feelings are running very high on this issue and it looks as though it is going to be a struggle to get this Resolution passed. I intend to support this Resolution. The Federation of Agriculture and the Farmers Union are also giving support but the Fish & Game Association is giving strong opposition. Every member has received at least ten letters and a number of telegrams in this regard.

The two youngest members of the Legislature, Mr. Bob Clark and Mr. Ray Speaker, introduced a Resolution requesting the Government to call a Youth Seminar for the purpose of enabling the young people of Alberta to consider and express their ideas and opinions on current social, economic and morale trends in modern day society. This Resolution was carried unanimously.

After a two hour debate a Bill which will allow dental mechanics to manufacture dentures and fit them in patients mouths without a Certificate of Oral Health was passed.

The Budget has been brought down which indicates almost a \$5,000,000.00 expenditure. There is a deficit of approximately \$22,000,000 expected. Debate is continuing on this budget.

Excellent progress is being made on many items of Legislation. The Budget Debate came to an end this week, and as a result Members are now working on the Estimates. These must be completed before March 31. It is quite apparent now that a number of night sittings will be necessary. Legislation authorizing municipalities to undertake urban renewal and public housing projects was introduced in the Legislature by the Honorable Mr. A.J. Hooke. This will give the municipalities the authority to undertake any project of renewal development which the Municipality desires. Financial assistance will be provided under a joint federal-provincial scheme on a 75-25 percent basis. Included in the new powers for Municipalities will be the authority to sell or lease property for renewal, the power to assist in relocation of persons whose homes have been pre-empted by the scheme, and the power to acquire clear, service and developed land in designated project areas.

From the Legislature

by Keith Everett
M.L.A. for St. Albert

The battle is on. What started it all? Mr. Patterson moved the following Resolution:

"Whereas more and more people feel that some provision should be made for additional pheasant hunting facilities;

The Government has announced it will purchase 270 acres of land East of St. Albert and are interested in another 80 acres. This land runs down to the river and would make a wonderful provincial park. I have suggested that a portion of this property be used for extension to the University of Alberta. As most of the citizens of St. Albert know, I have continued my campaign for immediate amendments to the Town & Village Act. It has been my contention that St. Albert should have an immediate election to elect a mayor, three Councilors and School Trustees. By the time you read this article, I believe progress may be made in this direction. For those that are interested, here are some figures of the operation of the Alberta Liquor Store in Alberta from November 15, 1963 to March 31, 1964. Liquor sales: \$105,527.02....Beer sales 38,956.48....Gross Profit: 50,386.66... Operating Expenses: 28,130.15....Net Profit: 32,256.51
